Yet Pirro refused to acknowledge the email from innocent Oathkeepers on appeal asking for Rule 48 dismissal? And she opposes a remand for Rule 33 motion for a new trial? Please make this go viral. Was told it's bc unknown to DJT the DOJ is in bed w/lobbyists who charge big $s pay to play & pardon peddling. It's a rotating door. Patriots can't get past gatekeeper grift bc they have no social media influence or $s. 🧵

2/ DOJ Civil Rights Div has threatened to fire a person for relaying J6 gvt weaponization issues. Ed Martin has done zero on weaponization. He allegedly meets w/lobbyists who receive tens or hundreds of thousands of dollars to get pardons. Papers w/ investigation background for Ben Martin and the "only- commuted" OKs and PBs went to Martin months ago.

3/ Ed Martin has a list for pardons. Looks like if no highly paid lobbyists meet w/him to advocate nothing goes forward. Is it a revolving grift door: folks like Tollman use their influence if you can pay. Justice & DJT policies be damned. Patriots need to know grift permeates DOJ where they prosecute, WH insiders collaborate, & they come back privately to exploit. Same people who spit on a peddler named Cohen. @DonaldJTrumpJr you might want to tell dad he has the wrong people in DOJ. There's more... No prosecutions, no J6 investigation and selective everything in DOJ despite what Trump wants for reasons. $$$
